

## **Calvary Zion Children's Home – Sponsor Guidance**

### **Sponsor Guidance**

- Sponsors should only be arranged through the Director or through Calvary Zion Support Trust. This prevents situations arising where payments have been made twice to a school for the same child and ensures that no child is missed out for sponsorship.
- Sponsoring a child to attend school does not give the sponsor any parental rights or input to decision making about the sponsored child
- Sponsors will receive regular updates, photographs of the children sponsored and school reports and will be informed if there are any issues with the child's education.
